

CITROËN BERLINGO
from the creator of the original Berlingo

INSPIRÉ PAR VOUS

During the 90s Le Tone had a major hit, "Joli Dragon", and devoted himself to music for 15 years before progressively moving towards illustrative art. Since 2011 his creations have been exhibited in famous places such as the Pompidou centre. An admirer of artists who know how to make the best use of colour, Le Tone confesses to having a weakness for black and white, which he uses to tell simple stories by using felt pen drawings in notebooks.

1974

Citroën launches CX. It's the ultimate mix of technical innovation and advanced design with the engine and gearbox positioned together at the front. Sophisticated hydropneumatic suspension, concave rear screen and a futuristic dashboard help it to succeed amongst more ordinary rivals.

2016

Cxperience Concept reinvents the prestige saloon. A bold, fresh silhouette, a high-end stylish interior and the latest technology combine to inspire the world of automotive design.

CITROËN
Origins

Discover the models that make up Citroën's extraordinary history, from 1919 to the present day.

1934

Citroën revolutionises the automotive landscape with Traction Avant. The famous name relates to its ground breaking front wheel drive engineering.

1939

Citroën launches 'TUB', a supremely practical modern design with a sliding side door: its successor is the famous Type H, above, launched in 1948.

1948

The much-loved 2 CV is created as a "safe and economical vehicle, able to carry 4 people on-board and 50 kg of luggage". More than 5 million are made.

1955

Unveiled to a stunned public at the 1955 Paris Motor Show, DS takes futuristic design to new heights. Its stunning aerodynamic shape, created by Flaminio Bertone, earns it the nickname 'flying saucer'. Under the skin it's just as advanced.

1968

It's a golden age for light and agile vehicles like Ami 6, Dyane and Mehari, a unique design for all roads and multi-purpose use.

2017

Winners of the Manufacturers' Rally Raid World Cup from 1993 to 1997; Rally Raid World Cup Drivers' Champion five times in a row; eight Manufacturers' Champion titles in WRC plus three in WTCC... Citroën has continued to demonstrate exceptional sports pedigree upon returning to WRC in 2017.

DESIGN

INSPIRING PERSONALITY

Unmistakable from every angle, Citroën Berlingo begins with a high, short bonnet and bold front. The combination of a large windscreen, signature Airbump® panels and contrasting coloured inserts* around elements such as the fog lights creates a real sense of personality. So you can have fresh style and pure practicality all in one.

** Depending on version*

CITROËN BERLINGO

SIMPLY ADD YOU

For eye-catching individuality there's white details* around the fog lights and side protection strips. They match perfectly with the range of striking body colours – especially the exclusive Aqua Green.

Alternatively, go for vibrant orange highlights included in the optional XTR. With contrasting Onyx Black door mirrors, body coloured scuff plates and a wild green interior ambiance with orange strip, they really stand out.

** Depending on version*

2 SIZES
TO FIT ALL

UP TO

*Two lengths with room
for up to 7 people mean
family and friends are
always welcome...*

For ultimate versatility and choice, Citroën Berlingo is now available in two lengths. There's the 5 seat M version and the 7 seat XL version. Both combine great proportions, well-balanced lines and real all-day comfort.

5 SEATS

7 SEATS

The XL is 35cm longer than the M, thanks to a lengthened wheelbase and rear design. XL model feature a third row of seats that can slide backwards and forwards or can be easily removed. Now there's ultimate passenger room or serious load space – it's up to you.

THE EVERYDAY ESSENTIAL

VERSATILE, ROOMY, PART OF THE FAMILY

Citroën Berlingo knows what an active family needs. Whatever activities you love doing when you're out and about, that spacious distinctive profile, complete with roof bars*, can accommodate them.

** Depending on version*

INNER
CALM

INTELLIGENT
STORAGE

ALL ROUND RELAXATION

Designed to offer unrivalled comfort and wellbeing for each passenger, **CITROËN ADVANCED COMFORT®** provides the best for body and mind. Soft-touch contact points and low noise levels create a sense of calm, while interior space is designed to be stylish and really versatile. The overall ambiance makes journeys feel effortless and intuitive technology gives control at your fingertips of the practicalities and unique features.

EFFORTLESS
TRAVEL

PRACTICAL
PROGRESS

A FIRST CLASS WELCOME

THE INTERIOR THAT LOOKS AFTER EVERYONE

Inside Citroën Berlingo you'll discover space and comfort for everyone. The large windscreen is set well forward and the stylish dashboard helps to emphasise space and light. Soft, tactile materials, inspired by the world of travel and fine furnishings, all add to the relaxing atmosphere. On the move, it's quiet and refined, wherever you're sitting.

Totally new, the interior has a real peace of mind feel, mixed with intelligent practicality. There's the large Top Box in the upper part of the dashboard. In the upper centre console* you'll find vents designed to improve air conditioning for rear seat passengers. Everywhere there are useful storage areas – for smartphones, drinks and all sorts of personal belongings. Electric windows are now fitted in both the front and rear**.

* Optional ** Depending on version

EXTRA PRACTICALITY

SLIDING SIDE DOORS AND
OPENING TAILGATE WINDOW

Sheer accessibility makes it easy to use Citroën Berlingo's flexible interior. The two sliding side doors are extra wide and the rear screen can be opened independently from the main tailgate*.

** Depending on version*

3 INDIVIDUAL REAR SEATS

In the rear of Citroën Berlingo, everyone enjoys equal comfort. This is because each individual seat* provides the same width and the same generous leg room. Whether you're travelling in the rear of a 5 or 7 seat version, an M or an XL model, you can relax. For maximum practicality, each of the 3 rear seats* can be easily folded into the floor and they're all fitted with i-size ISOFIX points.

** Depending on version*

MODUTOP®

92 LITRES OF STORAGE
MAXIMUM DAYLIGHT

A perfect practical companion for all your family outings, the iconic Modutop® has been refined for Citroën Berlingo. This ingenious multifunction roof* storage system is accessible from both back seats and boot, and now it lets in even more light, thanks to its semi-transparent panels. Inside, ambient lighting runs down the whole length and illuminates what you're carrying. When you want a little less light, an electric sunblind glides shut across the glass roof.

** Depending on version*

FLAT FLOOR THINKING

UNCLUTTERED, MODULAR SPACE

All the rear seats fold flat, either separately or together. The result is a flat, usable load space. By folding the front passenger seat down* in XL versions, you have up to 4,000 litres of room, with a load length of more than 3 metres.

Neat practical touches are everywhere. The two position parcel shelf can be used to conceal your belongings at the traditional height, or it can be fixed at a lower point. This creates two usable boot compartments – especially as the luggage cover can support up to 25kg. You can easily reach this 'upper deck' through the opening rear tailgate screen. When you don't need it, the luggage cover stows neatly behind the second row seats.

** Depending on version*

2 LENGTHS, SEVEN SEATS

EVERYONE'S INVITED. EVERYONE'S COMFORTABLE

For ultimate versatility, Citroën Berlingo is now available in two body lengths, with M and new XL versions. Both are designed to adapt quickly and easily to the demands of your everyday life. The XL can seat up to 7 people in true comfort and also allows you to remove or slide the third row seats for that final touch of practicality.

TECHNOLOGY EVERYWHERE

SAFETY AND CONNECTIVITY, COVERED

Citroën Berlingo really puts the latest technology on your side. There are no fewer than 18 safety systems and driving aids*, plus advanced connectivity systems, including wireless charging and 3D navigation with voice recognition. For real peace of mind on every journey, there is Citroën Connect Box with Emergency and Assistance System*.

** Depending on version*

STABLE AND SECURE

GRIP CONTROL WITH HILL
DESCENT ASSIST AND TRAILER
STABILITY CONTROL

There's no compromise when it comes to road holding and grip. Citroën Berlingo features Grip Control with Hill Descent Assist*, which keeps you firmly in control in all weather conditions and on every road surface; even the steepest hills. If you have towing equipment fitted, the Trailer Stability Control system* works with your car's ESP and instantly detects any swaying. This reassuring technology then uses the brakes to make sure you stay securely on track.

* Optional

GRIP CONTROL
WITH HILL DESCENT ASSIST

COLOUR HEAD-UP DISPLAY

A great safety innovation, the colour head-up display projects key driving information onto a retractable screen* that's within the driver's field of vision. It means that you never need to take your eyes off the road.

**Optional*

8" TOUCH SCREEN AND MIRROR SCREEN

The bright and clear 8" touch screen allows you to zoom with your fingertips, just like a smartphone, so it fits right into daily life. From here you can control all of the car's features, driving aids, the air conditioning and the radio. With the ingenious Mirror Screen technology you can also connect your smartphone and safely enjoy all kinds of driving-compatible apps using the touch screen. It works with Apple CarPlay™ and Android Auto.

CITROËN CONNECT NAV AND WIRELESS CHARGING

Citroën Berlingo brings you the latest 3D connected navigation system*, Citroën Connect Nav. It's linked to all kinds of useful services such as TomTom Traffic, so it can provide real time traffic reports, the location of fuel stations and prices, plus where the nearest parking is. Now you can forget about fiddly phone cables too, because there's a dedicated spot for your smartphone that includes a special wireless charging plate**.

* Depending on version ** Optional

18 SAFETY AND DRIVING AID SYSTEMS

 <p>∅ CAN BE DEACTIVATED</p>	 <p>∅ CAN BE DEACTIVATED</p>	 <p>∅ CAN BE DEACTIVATED</p>	 <p>∅ CAN BE DEACTIVATED</p>	 <p>∅ CAN BE DEACTIVATED</p>	 <p>∅ CAN BE DEACTIVATED</p>	 <p>∅ CAN BE DEACTIVATED</p>	 <p>∅ CAN BE DEACTIVATED</p>	 <p>∅ CAN BE DEACTIVATED</p>
 <p>COLOUR HEAD-UP DISPLAY*</p> <p>With its transparent screen, the head-up display places important driving information in your field of vision. This includes current and recommended speed, cruise control and speed limiter settings, navigation guidance or collision risk alerts.</p>	 <p>PARK ASSIST*</p> <p>This advanced parking aid technology makes parallel parking hassle-free. When activated, the system detects a suitable space, then steers you in with total accuracy. All you need to do is engage reverse, accelerate and brake.</p>	 <p>COFFEE BREAK ALERT</p> <p>A great safety aid, the system lets you know when it's time to take a break. It operates after two hours of continuous driving at over 40mph.</p>	 <p>DRIVER ATTENTION ALERT*</p> <p>A feature that's especially useful on faster roads, Driver Attention Alert assesses your level of alertness by spotting directional changes in relation to road markings.</p>	 <p>BLIND SPOT MONITORING SYSTEM*</p> <p>A reassuring safety feature on high-speed roads and motorways, the system warns you that there's a vehicle in the blind spot, using an orange light mounted in the driver's door mirror.</p>	 <p>ACTIVE LANE DEPARTURE WARNING SYSTEM</p> <p>Using a camera that senses when you've unintentionally crossed solid and broken road markings, Active Lane Departure Warning gently steers you back on course. The system stops working as soon as the indicators are used.</p>	 <p>EXTENDED TRAFFIC SIGN RECOGNITION AND RECOMMENDATION*</p> <p>Using the onboard camera, this intelligent system keeps you constantly informed about current and changing speed limits. You can then add the correct speed to your cruise control or speed limiter.</p>	 <p>COLLISION RISK ALERT</p> <p>If there's a risk of collision with the vehicle in front of you, Collision Risk Alert sends an immediate warning. The technology uses a sensor mounted on the front of your car and works from just over 18mph.</p>	 <p>ACTIVE SAFETY BRAKE</p> <p>Designed to reduce the risk of a collision, this system works from 3mph and detects fixed or mobile objects and pedestrians. If a collision risk is spotted, there's an audible alert, and if the driver doesn't respond, then the vehicle brakes are automatically applied.</p>

** Safety & Driving Aid Systems vary by version - consult your local Citroën Dealer for more details.*

18 SAFETY AND DRIVING AID SYSTEMS

 <p>⊘ CAN BE DEACTIVATED</p>	 <p>⊘ CAN BE DEACTIVATED</p>	 <p>⊘ CAN BE DEACTIVATED</p>	 <p>⊘ CAN BE DEACTIVATED</p>	 <p>⊘ CAN BE DEACTIVATED</p>				
 <p>GRIP CONTROL WITH HILL DESCENT ASSIST*</p> <p>This is a flexible traction control system that optimises front wheel grip for any road you encounter, with five modes, controlled by a dial on the dashboard. Choose from Standard, Snow, Sand, Mud and ESP OFF for a secure drive, anywhere. Hill Descent Assist inspires confidence on the steepest hill, holding the vehicle at low speed and in perfect control. You can activate this technology from a button on the centre console, and it works in reverse as well as when moving forward.</p>	<p>AUTO </p> <p>INTELLIGENT BEAM HEADLIGHTS*</p> <p>A real bonus for night driving, this feature automatically dips your headlights in certain traffic conditions and when the system detects oncoming cars.</p>	 <p>FRONT AND REAR PARKING SENSORS AND FLANKGUARD*</p> <p>This system's sensors use lines displayed on your 8" touch screen and an audible alert to keep you safely clear of unseen obstacles.</p>	 <p>ELECTRIC PARKING BRAKE*</p> <p>The Electric Parking Brake is applied automatically when you switch off the engine and releases when you move away. Alternatively you can simply control it using the dedicated paddle.</p>	 <p>ADAPTIVE CRUISE CONTROL*</p> <p>A real safety innovation, the system uses a camera to detect the car in front and maintain your selected safe distance. From the end of 2018, the Stop function will also be available with the EAT8 gearbox. This stops the car completely to avoid collisions.</p>	 <p>HILL START ASSIST</p> <p>An aid to safe, smooth driving, this feature prevents the car from rolling back on a hill when the brake pedal is released. The system works on gradients over 3% and keeps you stationary for about 2 seconds – plenty of time to move calmly from brake pedal to accelerator.</p>	 <p>REVERSING CAMERA WITH TOP VISION*</p> <p>Engage reverse and the touch screen will display the rear of the vehicle, together with coloured lines to show you how far away any obstacles are. You also get a clear 180° rear view of the surroundings. As obstacles get closer, the camera automatically zooms in on them, helping your manoeuvres go smoothly.</p>	 <p>KEYLESS ENTRY AND START*</p> <p>Lock, unlock and start your vehicle without having to get your key out – it's a real bonus when you've got lots to carry.</p>	 <p>TRAILER STABILITY CONTROL*</p> <p>When you have towing equipment fitted, this technology works with the ESP system. If any swaying motion is detected, it uses the brakes to stabilise your trailer and keep you safely on course.</p>

* Safety & Driving Aid Systems vary by version - consult your local Citroën Dealer for more details.

ENGINE RANGE

ADVANCED, EFFICIENT, INSPIRING

An advanced, versatile car needs engines to match. Citroën Berlingo offers a wide choice of the latest petrol and diesel designs, which all deliver a perfect balance of performance, fuel efficiency and low emissions. They're equally suited to town driving and longer trips.

Some engine options can be chosen with the new 8-speed EAT8 automatic gearbox. This delivers really smooth gear changes and improves both fuel consumption and CO₂ emissions.
